The Wiebo Ludwig affair brought to the forefront the often explosive relationship between the oil and gas industry and the ranchers and farmers who live under the shadow of its rigs. But behind the headlines, an unreported sea-change is taking place in the long history of these very different players. Canada's petroleum industry is in the middle of a massive paradigm shift. The old focus of drill fast, pump profits, leave quick is long gone. New executives and directors are bringing a mentality of corporate and social responsibility to the industry that pays attention to a triple bottom line: environmental, social, and economic. A Patch of Green examines the forces that have come to bear to bring about this change. From the viewpoints of environmentalists, landowners, drill workers and corporate executives, veteran journalist Sydney Sharpe reveals an industry wrestling with the excesses of its past and learning to profit from a new economic future.

Packed with games, puzzles, seek-and-finds, dot-to-dots, and many other activities, this set offers a full year's worth of reproducible activities useful for worship services, take-home activity, early arrivals, or an outreach tool.

Technological advances and innovative perspectives constantly evolve the notion of what makes up a digital library. Archives and the Digital Library provides an insightful snapshot of the current state of archiving in the digital realm. Respected experts in library and information science present the latest research results and illuminating case studies to provide a comprehensive glimpse at the theory, technological advances, and unique approaches to digital information management as it now stands. The book focuses on digitally reformatted surrogates of non-digital textual and graphic materials from archival collections, exploring the roles archivists can play in broadening the scope of digitization efforts through creatively developing policies, procedures, and tools to effectively manage digital content. Many of the important advances in digitization of materials have little to do with the efforts of archivists. Archives and the Digital Library concentrates specifically on the developments in the world of archives and the digitization of the unique content of information resources archivists deal with on a constant basis. This resource reviews the current issues and challenges, effective user assessment techniques, various digital resources projects, collaboration strategies, and helpful best practices. The book is extensively referenced and includes helpful illustrative figures. Topics in Archives and the Digital Library include: a case study of LSTA-grant funded California Local History Digital Resources Project expanding the scope of traditional archival digitations projects beyond the limits of a single institution a case study of the California Cultures Project the top

Theda Krakow is in a funk. Her sometime boyfriend is gone, her beloved cat has died, and the career leap she's made from copy editor to freelance writer has left her finances - and her spirit - flat. She desperately needs a headline. One day, strolling in her Cambridge neighborhood, Theda spies an adorable stray kitten who leads her to an old woman holed up in a decrepit house full of cats. Could this be the story to catapult Theda out of the dumps? Or deeper into something more sinister?
