What do you do when a vampire comes knocking? Bite is a thrilling adventure of horror, vampires and old flames, from the master of the macabre Richard Laymon. Perfect for fans of Stephen King and Joe Hill. When Sam's ex-girlfriend Cat arrives at his door, he can't believe his eyes. It's been a long time, but he's never forgotten her. But before the night is over, Cat will be lying face down on the bed, acting as bait, and Sam will be hiding in the wardrobe with a hammer in one hand and a wooden stake in the other. They won't have long to wait. The vampire is coming. What readers are saying about Bite: 'I can honestly say that this book is brilliant, nay, a masterpiece... You can really hear, smell and feel everything that is happening. Laymon writes characters that are among the most believable, three-dimensional and exciting ever written' 'Very addictive and suspenseful with a generous portion of Laymon's usual sense of humour' 'Bite is pure Laymon - great characters, a terrific storyline and a surprising ending'

It's almost midnight. Cat's on the bed, facedown and naked. She's Sam's former girlfriend, the only woman he's ever loved. Sam's in the closet, with a hammer in one hand and a wooden stake in the other. Together they wait as the clock ticks down because ... the vampire is coming. When Cat first appeared at Sam's door he couldn't believe his eyes. He hadn't seen her in years, but he'd never forgotten her. Not for a second. But before this night is through, Sam will enter a nightmare of blood and fear that he'll never be able to forget -- no matter how hard he tries.

Sam is plunged into a nightmarish world of sheer evil when his first love, Cat, reenters his life and he discovers that a vampire is coming for both of them. Original.

'When the monsters are involved, it's never just one dead body. One way or another the dead multiply.' First, there were the dead in the graveyard, two hundred years dead. I'd been hired to raise them to settle a dispute over who owned the land they were buried in. Then there were the three dead teenagers in the woods, slaughtered in a way I'd never seen before. And then they found the dead girl, drained of blood and left in her bed. I knew what that meant of course. It didn't take a degree in preternatural studies to figure out that something was wrong. And I

was right in the middle of it. My name is Anita Blake. Welcome to my life ...

Had everyone bitten tonight caught this? The other bites had not looked like vampire bites. They'd been zombie, or human looking. Was this infection something that vampires and shapeshifters could catch? If it was, then it was something new. Some zombies are raised. Others must be put down. Just ask me, Anita Blake, Vampire Hunter. Before now, I figured I could handle them. Before now, I had never heard of any of them causing human beings to perish in agony. But that's all changed. Micah's estranged father lies dying, rotting away inside from some strange ailment that has his doctor's whispering about 'zombie disease'. I make my living from zombies - but these aren't the kind I know so well. These creatures hunt in daylight, and are as fast and strong as vampires. If they bite you, you become just like them. And round and round it goes ... Where will it stop? Even I don't know.

'These days my life is a cross between a preternatural soap opera and an action-adventure movie.' The first hit man came after me at home, which should be against the rules. Then there was a second, and a third. Word on the street is that Anita Blake, preternatural expert and vampire killer extraordinaire, is worth half a million dollars. Dead, not alive. So what's a girl to

Get Free Bite Anita Blake Vampire Hunter 85 Laurell K Ton

do but turn to the men in her life for help? Which in my case means an alpha werewolf and a master vampire. With professional killers on your trail, it's not a bad idea to have as much protection as possible, human or otherwise. But I'm beginning to wonder if two monsters are better than one...

'I don't date vampires. I kill them.' My name is Anita Blake. Vampires call me the Executioner. What I call them isn't repeatable. Ever since the Supreme Court granted the undead equal rights, most people think vampires are just ordinary folks with fangs. I know better. I've seen their victims. I carry the scars ... But now a serial killer is murdering vampires - and the most powerful bloodsucker in town wants me to find the killer.

The bite is back in vampire fiction as five of today's most provocative authors cast their irresistible spells on you... Follow a vampire hunter who can be as deadly as her prey. Meet a down-home southern girl who's found out, much to her chagrin, that vampires are her type. Feel the euphoria of fear in the shadow of a reluctant queen of the undead. Step closer to the hot-blooded edge of passion as a strange new mythology of the night is unveiled. Includes never-before-published stories featuring vampire hunter Anita Blake and everyone's favorite vampire-loving waitress, Sookie Stackhouse.

'Most women complain that there are no single straight men left. I'd just like to meet one that's human.' I'm Anita Blake, expert on creatures of the night. I've dined with shapeshifters, danced with werewolves, and been wooed - but not won - by Jean-Claude, the Vampire Master of the City. And now a darkly dangerous vampire named Alejandro has hit town. He wants me for his human servant. A war of the undead has begun. Over me ...

An Anita Blake, Vampire Hunter, novel
'Something in the look on my face must have frightened him, because his eyes widened, and I saw something like human fear cross his reptilian face.' I'm Anita Blake and I kill monsters. The last thing I want to think about though when I get home after a night out is work. But someone has abducted a wereleopard from the Narcissus in Chains club. It's a dark world out there with shapeshifter crime and were-creature struggles. I may not have seen Jean-Claude, the Vampire Master of the City, for six months, but I need his help now, whatever the consequences. Someone is targeting the lycanthropes and we have to save them.
