In *Make Your Own Rules Diet*, Tara Stiles introduces readers to easy and fun ways to bring yoga, meditation, and healthy food into their lives. As the designer and face of Reebok's first yoga lifestyle line, author of *Yoga Cures* and *Slim, Calm, Sexy Yoga*, and the founder of Strala--the movement-based system that ignites freedom, known for its laid-back and unpretentious vibe--Tara has long been a proponent of creating a tension-free healthy life by tapping into the unique needs of her clients. In this new book, she teaches readers how to apply this inward-looking philosophy to themselves. When people understand what they need for true well-being, they can make their own rules--rules that will help them become their best selves. In her rulebook, it's no pain, much gain. In fact, Tara stresses the importance of practicing with ease--leaving the discomfort and tension behind--because what you practice is what you manifest. Readers will not only learn to create their own rules but also to understand when something isn't working anymore, so they can update their rules as circumstances change. Her approach takes readers from the kitchen, to the mat, to the cushion, in an effort to help them get to know themselves. After leading them through some basic guidelines about how to write their rulebooks, Tara lays out tips, techniques, and practices, including: - A step-by-step goal

setting process so readers can figure out where they want to focus - Six yoga routines specifically designed to up energy levels, curb cravings, drop pounds, and enhance peace - Eight breathing and meditation practices to soothe the soul - 50 simple, delicious, plant-based recipes that can be made in minutes - A 7-day kick-start program and a 30-day transformation plan to launch readers on their healthy, happy, radiant path So join Tara today as she opens readers' eyes to a new way of living well that anyone can do.

New York Times bestselling author Sally Jenkins and distinguished Harvard professor John Stauffer mine a nearly forgotten piece of Civil War history and strike gold in this surprising account of the only Southern county to secede from the Confederacy. The State of Jones is a true story about the South during the Civil War—the real South. Not the South that has been mythologized in novels and movies, but an authentic, hardscrabble place where poor men were forced to fight a rich man ' s war for slavery and cotton. In Jones County, Mississippi, a farmer named Newton Knight led his neighbors, white and black alike, in an insurrection against the Confederacy at the height of the Civil War. Knight ' s life story mirrors the little-known story of class struggle in the South—and it shatters the image of the Confederacy as a unified front against the Union. This riveting investigative account takes us inside the battle of Corinth, where thousands lost their lives over less than a quarter mile of land, and to the dreadful siege of Vicksburg, presenting a gritty picture of a war in which generals sacrificed thousands through their arrogance and ignorance. Off the battlefield, the Newton Knight story is rich in drama as well. He was a man with two loves: his wife, who was forced to flee her home simply to survive, and an ex-slave named Rachel, who, in effect, became his second wife. It was Rachel who cared for Knight during the war when he was hunted by the Confederates, and, later, when members of the Knight clan sought revenge for the disgrace he had brought upon the family name. Working hand in hand with John Stauffer, distinguished chair and professor of the History of American

Civilization at Harvard University, Sally Jenkins has made the leap from preeminent sportswriter to a historical writer endowed with the accuracy, drive, and passion of Doris Kearns Goodwin. The result is Civil War history at its finest.

Before she can rest in peace, Charlotte Usher must return to the tragic site of her death: High School. On the brink of Dead Ed graduation, Charlotte and her fellow classmates learn they have one last mission to complete before gaining entrance to the much-anticipated afterlife: Observe one designated teen with an unexplained problem and help said-troubled teen by Prom. For the life of her, Charlotte can't imagine why she has been assigned to help Damen, last year's Homecoming King and her former fatal crush. To make matters worse, her boyfriend Eric is sent to look after her best (breathing) friend Scarlet, who has since ditched her goth girl image for a girlier look that turns more heads than just her boyfriend Damen's. Charlotte would die (again) for love. But when her only chance at an afterlife means having to face the dreaded, all-too-familiar pains of being invisible, it may be too much for her to handle.

Designed for Grades 1-6, this manipulative-based approach to teaching mathematics emphasizes problem-solving through data organization, spatial relationships, and numerical relationships.

Annotation. Beginning with an Introductory Toolkit, Twenty Thinking Tools shows teachers how to strengthen students abilities to ask insightful questions, to look at problems and issues from various points of view, to explore disagreements reasonably, to make appropriate use of examples, to draw needful distinctions, and generally to develop their imaginative, conceptual and logical abilities in order to gain a deeper knowledge and understanding of all kinds of subject matter.

“ Lydia Lunch is an American icon. ” —Austin American-Statesman “ Lunch has defined the underground music and art scene for over thirty years. Predictable only in her unpredictability, she has exploited every creative outlet at her disposal, from film to books, photography to poetry. ” —SF Weekly No Wave founder Lydia Lunch ' s first book, *Paradoxia* (Akashic Books, 2007), proved that her talent is as strong on the page as it is on the stage. Her literary talents are even more impressive and varied in this iconoclastic and uncompromising collection. Lydia Lunch is a musician, writer, and photographer. She was the primary instigator of the No Wave movement, and the focal point of the Cinema of Transgression.

Visual Studio Tools for Office is both the first and the definitive book on VSTO 2005 programming, written by the inventors of the technology. VSTO is a set of tools that allows professional developers to use the full power of Visual Studio .NET and the .NET Framework to put code behind Excel 2003, Word 2003, Outlook 2003, and InfoPath 2003. VSTO provides functionality never before available to the Office developer: data binding and data/view separation, design-time views of Excel and Word documents inside Visual Studio, rich support for Windows Forms controls in a document, the ability to create custom Office task panes, server-side programming support against Office, and much more. Carter and Lippert cover their subject
