An IETM or Interactive Electronic Technical Manual is a portal to manage technical documentation. IETMs compress volumes of text into just CD-ROMs or online pages which may include sound and video, and allow readers to locate needed information far more rapidly than in paper manuals. IETMs came into widespread use in the 1990s as huge technical documentation projects for the aircraft and defense industries.

IETM - Wikipedia

Interactive Electronic Technical Manuals (IETMs) are interactive manuals that are intended to be read and used 'on screen'. They provide an alternative to the traditional paper based manual and have the advantages that they can provide for fast searching and cross-referencing of information, are easily updated and distributed.
