environmentally friendly. The LEED O+M rating systems apply to existing buildings that are undergoing improvement work or little to no construction.

---

LEED Building Operations And Maintenance (LEED O+M) Rating ...

The intent of LEED for Existing Buildings: Operations & Maintenance is to certify the operations and maintenance of the building and create a plan for ensuring high performance over time. The rating system captures both a building's physical systems (equipment, design, land use, etc.) and the way the building is occupied and operated by its managers (waste management, temperature monitoring, commuting programs, etc.). A key goal of LEED for Existing Buildings: Operations & Maintenance is ...
