This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

Super powered humans started appearing 30 years ago. Now, they are everywhere. Bob Moore, Private Eye, dares to investigate those who could incinerate him with a thought. When he is called to help a super from his past, however, he'll be pushed to his limit. When supers and the police think there is no crime, can he get to the truth? Will he want to for the man that destroyed his marriage?
