Just about everyone who came of age during the 1960s, 70s, and 80s was influenced by MAD MAGAZINE, and no one at MAD was more influential than "MAD's MADdest Artist," Don Martin. His immediately recognizable style--featuring bulbous noses, wild sound effects, and the legendary "hinged feet"--was filled with broad and daring slapstick and routinely broke new ground. A surprisingly quiet man, Martin's work spoke volumes as he left an indelible mark on several generations, influencing the style of many illustrators while shaping the sense of humor of countless misguided youths. He was inducted into the Comic Book Hall of Fame in 2004. Says Gary Larson, creator of The Far Side: "Don Martin was the one who really stood out." Now, it is with great pride that Running Press, in collaboration with MAD, launches the MAD's Greatest Artists: The Completely MAD Don Martin (MAD's Greatest Artists Series). For the first time ever, here is the complete collection of every piece of art Don Martin published in MAD throughout his extraordinary thirty-year tenure (1957-1987).

With all of Martin's strips, covers, posters, and stickers--presented in chronological order--it is nothing less than a masterpiece of comic genius. Complementing Martin's opus of published works are letters, sketches, and rare photos providing an in-depth look at the artist at work. Plus, scattered throughout are notes and original illustrations--commissioned for this volume--paying tribute to the artist and penned by MAD's most-notable personalities, including Al Jaffee, Mort Drucker, Jack Davis, Sergio Aragones, and more. There are also notes by the likes of Jim Davis (Garfield) and a foreword by Gary Larson. A collector's item and object d'art in its own right, this deluxe two-volume slipcased edition will be the season's must-have gift book for the millions whose childhoods--and subsequent adulthoods--would not have been the same without MAD MAGAZINE and Don Martin.

Sometimes, it all comes down to chemistry... Unassuming outcast Elliot Goldman is just trying to get through his final year of high school-until he meets his new lab partner, Jordan Hughes. Sweet, charming, and charismatic, Jordan opens Elliot's eyes to the possibilities around him, and gives him butterflies like nobody's business. Together they fight high school scrutiny, repel bullies with punk rock, and celebrate who they are in this heartwarming exploration of what it means to fall in love for the very first time.

Telephoning in English is for professionals or trainee professionals in business, commerce and administration who need to make and answer phone calls. It is suitable for learners at the intermediate and upper-intermediate levels, and can be used in class or for self-study. The emphasis is on developing and consolidating practical telephone skills in a variety of interesting and relevant contexts. Activities range from message-taking and spelling practice to role play, providing learners with a comprehensive course in using the telephone in English. Second edition This has been fully revised and updated to take into account the most important recent developments in the world of telecommunications. It has also been redesigned at a larger format and in colour to make it easier to use for learners working on their own. The recorded material is available on an audio cassette set (2) or audio CD set (2).
