## dichotomous\_key\_activity\_sharks.docx - Shark Dichotomous ...

sharks. A dichotomous key is built around pairs of statements that describe a visible trait. The reader must select the statement in each pair that best describes an organism. By following the steps in the key, the reader narrows down the list of choices and finally names the organism. After you have learned to use a dichotomous key, you will design your own key for a group of organisms. Skills Focus
