When Winston Niles Rumfoord flies his spaceship into a chrono-synclastic infundibulum he is converted into pure energy and only materializes when his waveforms intercept Earth or some other planet. As a result, he only gets home to Newport, Rhode Island, once every fifty-nine days and then only for an hour. But at least, as a consolation, he now knows everything that has ever happened and everything that ever will be. He knows, for instance, that his wife is going to Mars to mate with Malachi Constant, the richest man in the world. He also knows that on Titan -- one of Saturn's moons -- is an alien from the planet Tralfamadore, who has been waiting 200,000 years for a spare part for his grounded spacecraft...

A collection of stories by Kurt Vonnegut.

A special fiftieth anniversary edition of Kurt Vonnegut 's masterpiece, " a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century " (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist The Yellow Birds Selected by the Modern Library as one of the 100 best novels of all time Slaughterhouse-Five, an American classic, is one of the world 's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber 's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming " unstuck in time. " An instant bestseller, Slaughterhouse-Five made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut 's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O ' Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut 's words. Jonathan Safran Foer has described Vonnegut as " the kind of writer who made people—young people especially—want to write. " George Saunders has declared Vonnegut to be " the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves. " Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era 's uncertainties. " Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement. " —The Boston Globe

'The great, urgent, passionate American writer of our century, who offers us a model of the kind of compassionate thinking that might yet save us from ourselves.' George Saunders Prisoner of war, optometrist, time-traveller - these are the life roles of Billy Pilgrim, hero of this miraculously moving, bitter and funny story of innocence faced with apocalypse. Slaughterhouse Five is one of the world's great anti-war books. Centring on the infamous fire-bombing of Dresden in the Second World War, Billy Pilgrim's odyssey through time reflects the journey of our own fractured lives as we search for meaning in what we are afraid to know. 'An extraordinary success. A book to read and reread. He is a true artist' New York Times Book Review

Originally published: New York: Delacorte Press, c1959.

The first-ever graphic novel adaptation of Kurt Vonnegut 's Slaughterhouse-Five, an American classic, is one of the world 's great anti-war books. An American classic and one of the world 's seminal antiwar books, Kurt Vonnegut 's Slaughterhouse-Five is faithfully presented in graphic novel form for the first time from Eisner Award-winning writer Ryan North (How to Invent Everything: A Survival Guide for the Stranded Time Traveler) and Eisner Award-nominated artist Albert Monteys (Universe!). Listen: Billy Pilgrim has... ..read Kilgore Trout ...opened a successful optometry business ...built a loving family ...witnessed the firebombing of Dresden ...traveled to the planet Tralfamadore ...met Kurt Vonnegut ...come unstuck in time. Billy Pilgrim 's journey is at once a farcical look at the horror and tragedy of war where children are placed on the frontlines and die (so it goes), and a moving examination of what it means to be fallibly human.

Presents a collection of critical essays about Kurt Vonnegut's Slaughterhouse-five.
