There are three solar financing options: you can purchase your system in cash, take out a solar loan to buy your system, or sign a solar lease/power purchase agreement (PPA). EnergySage's Instant Estimate Tool can help you assess the costs and 20-year savings of each solar financing option; its calculations are based on your roof plus real ...

~~2020 Solar FAQ – Top Solar Questions, Answered | EnergySage~~

Do I need batteries for my solar energy system? Solar panels make power when they are exposed to sunlight. This means that you won't have power at night from your solar power system so you will need batteries or a generator. Most people work around this by connecting their systems to the utility grid, pulling power as needed.
