Design and Construction is building for you. As the City's primary capital construction project manager, we build many of the civic facilities New Yorkers use every day.

About Us - Department of Design and Construction

We design, renovate and build the structures that New York City needs to serve the public. We build libraries, museums, police precincts, senior centers, and beyond. Our portfolio of smaller-scale work promotes safety for all, from the installation of wheelchair-accessible pedestrian ramps, to the upgrade of fire hydrants throughout the City.

The design and construction of skyscrapers involves creating safe, habitable spaces in very high buildings. The buildings must support their weight, resist wind and earthquakes, and protect occupants from fire. Yet they must also be conveniently accessible, even on the upper floors, and provide utilities and a comfortable climate for the occupants.
