~~Vestal Fire: An Environmental History, Told through Fire ...~~
Vestal Fire: An Environmental History, Told through Fire, of Europe and Europe's Encounter with the World. Stephen Pyne has been described as having a consciousness "composed of equal parts historian, ecologist, philosopher, critic, poet, and sociologist." At this time in history when many people are trying to understand their true relationship with the natural environment, this book offers a remarkable contribution--breathtaking in the scope of its research and exhilarating to read.

~~Vestal Fire: An Environmental History, Told through Fire ...~~

Vestal Fire takes its title from Vesta, Roman goddess of the hearth and keeper of the sacred fire on Mount Olympus. But the book's title also suggests the strengths and limitations of Europe's peculiar conception of fire, and through fire, of its relationship to nature.

~~Vestal Fire by Pyne—AbeBooks~~

Environmental history emerged in the United States out of the environmental movement of the 1960s and 1970s, and much of its impetus still stems from present-day global environmental concerns. The field was founded on conservation issues but has broadened in scope to include more general social and scientific history and may deal with cities, population or sustainable development.
