London 1793: Young firebrand John Pearce is illegally press-ganged from the refuge of the Pelican tavern to a brutal life aboard HMS Brilliant, a frigate on its way to war. In his first few days Pearce discovers the Navy is a world in which he can prosper. But he is not alone; he is drawn to a group of men – fly Charlie Taverner; quiet Ben Walker; tired old Abel Scrivens; the bairn of the group, Rufus Dommet; the droll, tough Irish labourer, Michael O’Hagan; and the bumptious Gherson – pressed men like him, who eventually form an exclusive gun crew, the Pelicans, with Pearce their elected leader. During an action-packed two weeks, as HMS Brilliant chases a French privateer across the English channel, this disparate group of men form friendships that will last a lifetime.

(Book). Progressive Drumming Essentials is a collection of material originally written for Modern Drummer magazine plus extensive additional content. This book breaks down fun and challenging material for progressive-minded drummers, including double bass, odd time signatures, displacements, odd subdivisions, and modulations, plus an in-depth section on polyrhythms and their applications to the drumset. Author Aaron Edgar is the drummer for the prog-metal band Third Ion. He's a regular instructor on Drumeo.com and a regular columnist for Modern Drummer magazine. He is known for teach advanced rhythmic concepts and has a knack for being able to break down and explain challenging material in an easily understandable way.

(Percussion). Bobby Rondinelli of Rainbow, Black Sabbath and Blue Oyster Cult and master teacher Michael Lauren from the Drummers Collective have put together the most comprehensive text ever written on the subject of double bass drumming. It features hundreds of innovative warm up, beat and fill exercises, tips for getting started, a discography of important double bass recordings, plus a timeline of the most important double bass drummers in history, including photos of their setups. A must for all drummers interested in improving their double bass technique!

Computer science has drawn from and contributed to many disciplines and practices since it emerged as a field in the middle of the 20th century. Those interactions, in turn, have contributed to the evolution of information technology " new forms of computing and communications, and new applications " that continue to develop from the creative interactions between computer science and other fields. Beyond Productivity argues that, at the beginning of the 21st century, information technology (IT) is forming a powerful alliance with creative practices in the arts and design to establish the exciting new, domain of information technology and creative practices"ITCP. There are major benefits to be gained from encouraging, supporting, and strategically investing in this domain.

Medieval music in its cultural, social, and intellectual contexts. Margot Fassler's

Music in the Medieval West imaginatively reconstructs the repertoire of the Middle Ages by drawing on a wide range of sources. In addition to highlighting the ceremonial and dramatic functions of medieval music (both sacred and secular), she pays special attention to the exchange of musical ideas, the development of musical notation and other methods of transmission, and the role of women in musical culture. *Western Music in Context: A Norton History* comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents.

"Wonderfully practical....just what every media writer needs." Christopher H. Sterling George Washington University * Learn what it takes to write for commercials, news, documentaries, corporate, educational, animation, games, the internet, and dramatic film & video productions * Outlines the key skills needed for a successful media writing career The demand for quality and knowledgeable multi-platform writing is always in high demand. *An Introduction to Writing for Electronic Media* presents a survey of the many types of electronic media you can write for, and explains how to do it. Musburger focuses on the skills you need to write for animation versus radio or television news versus corporate training. Sample scripts help you learn by example while modeling your own scripts. Production files illustrate the integral role writers' play in the production process, and individual

movie frames allow you compare these to the real scripts. Armed with the skills developed in this book, a media writer can apply for a variety of positions in newsrooms, advertising firms, motion pictures or animation studios, as well as local and national cable operations. Robert B. Musburger, Ph.D., is Professor Emeritus and former Director of the School of Communication, University of Houston, USA. He has worked for 20 years in professional broadcasting, serving as camera operator, director, producer, and writer. Musburger has received numerous awards for his video work and teaching and he continues to work in electronic media with his Seattle, WA,. consulting firm, Musburger Media Services. "[An] authoritative and clearly written description of the processes involved in writing for film, radio and television production." Raymond Fielding, Dean Emeritus Florida State University

Revolution. Bloodshed. Glory 1793. Returning triumphant from Corsica, Lieutenant John Pearce receives a mixed welcome. But with the siege of Toulon escalating in violence and the French Revolutionary Army preparing to attack, all thoughts of revenge must be put on hold as Pearce is entrusted with a dangerous mission. When their assignment goes awry, it is up to Pearce and his comrades to prevent the inevitable bloodshed, but challenging the Revolutionaries as well as their navy could be a fatal mistake... Set against the backdrop of the bloody French Revolution, A Flag of Truce brilliantly combines a gripping adventure with intricate historical detail, to explosive effect.

Ah, think of the serene gardens, tatami mats, Zen-inspired decor, sliding doors, and shoji screens of the typical Japanese home. Think again. Tokyo: A Certain Style, the mini-sized decor book with a difference, shows how, for those living in one of the worlds most expensive and densely packed metropolises, closet-sized apartments stacked to the ceiling with gadgetry and CDs are the norm. Photographer Kyoichi Tsuzuki rode his scooter all over Tokyo snapping shots of how urban Japanese really live. Hundreds of photographs reveal the real Tokyo style: microapartments, mini and modular everything, rooms filled to the rafters with electronics, piles of books and clothes, clans of remote controls, collections of sundry objets all crammed into a space where every inch counts. Tsuzuki introduces each tiny crash pad with a brief text about who lives there, from artists and students to professionals and couples with children. His entertaining captions to the hundreds of photographs capture the spirit and ingenuity required to live in such small quarters. This fascinating, voyeuristic look at modern life comes in a chunky, pocket-sized format-the perfect coffee table book for people with really small apartments.

July, 1793. Since being press-ganged into service in King George's Navy, John Pearce has endured a whirlwind few months, which have seen him survive wild storms and bitter battles with the enemy. He is finally free to follow his own wishes, but the same does not apply for the trio of Pearce's closest friends, who

call themselves the Pelicans. When they are shipped off to the Mediterranean, Pearce vows to liberate the men who have stuck by him through thick and thin. But with help being withheld by all higher powers, he is obliged to embark on a dangerous mission before he can free his friends: at stake, the whole British position in the Mediterranean.
